SKILLS

Skilled in **Figma**, **Adobe XD**, and **Photoshop**, I also excel in front-end development using **ReactJS**, **NextJS**, and web styling with **TailwindCSS**, **MaterialUI**, and **Bootstrap**. My back-end expertise involves **PHP**, **Firebase**, and **Sanity.IO**. Fluent in **Spanish** and **English**, strong sales and customer service skills.

EDUCATION

Google UX Design Certificate — Online

September 2022 - May 2023

Completed rigorous training designed for entry-level job readiness.

Topics included UX research fundamentals, inclusive design, wireframes and high-fidelity prototypes, and tools like Figma and Adobe XD.

Completed hands-on projects and developed a portfolio with three projects.

EXPERIENCE

Luxury Presence — Web Builder

May 2022 - Present

Mastery of CSS for efficient, reusable code and resolution of styling issues

Design and optimize website layout for enhanced UX/UI

Execute CSS injections and workarounds within Figma templates

Lead and coordinate small design teams towards project goals

Participate and contribute creatively in design crits and meetings

Innovate and deliver visually appealing Figma and UX/UI designs

Bioprotece S.A. — Web Developer

February 2022 - May 2022

Translate provided Figma designs into a responsive NextJS website to showcase medical products

Develop an intuitive and secure dashboard for employees using NextJS

Ensure seamless integration of the website with Firebase for data management

Connect the employee dashboard with PHP for robust server-side functionalities

Implement UX/UI principles to enhance website navigation and user experience

Collaborate with design teams to ensure website aligns with original Figma designs

Monitor and optimize website performance and address any bugs or issues promptly
